AFA SCOTLAND

The Adoption and Fostering Alliance (AFA) Scotland is an independent charity that promotes and facilitates evidence-informed best practice in Kinship Care, Fostering and Adoption, through advising, training and influencing practitioners and policy makers and supporting them to improve outcomes for children and families.

Our vision is a future where every practitioner working with children, young people and their families is knowledgeable, skilled, confident and empowered to support the safe, secure and loving care to which every child has a right.

AFA Scotland is dedicated to improving the lives of children, young people and the families who care for them. The values that underpin our work and guide our aims are:

Children and young people are at the centre of all that we do. We are committed to promoting practices which are always in the best interests of the child.

Embracing Equality and Diversity. Through all AFA's activities we will respect and value diversity, promote equality and access, and challenge discrimination in all its forms.

Independence. By maintaining our independence, AFA Scotland can provide impartial advice and guidance to our members and stakeholders, including practitioners and policymakers and advocate on behalf of our members for legislative and policy change.
