Annual Cost: £283.00 + VAT

AFKA SCOTLAND

The Association for Fostering, Kinship & Adoption (AFKA) Scotland is an independent charity that promotes and facilitates evidence-informed best practice in fostering, kinship care and adoption, through advising, training, and influencing practitioners and policymakers, and supporting them to improve outcomes for children and families.

Our vision is a future where every practitioner working with children, young people and their families is knowledgeable, skilled, confident, and empowered to support the safe, secure, and loving care to which every child has a right.

AFKA continues to work in collaboration with CoramBAAF; membership of AFKA Scotland entitles agencies and their staff to a service from both organisations.

AFKA Scotland is dedicated to improving the lives of children, young people and the families who care for them. The values that underpin our work and guide our aims are:

Children and young people are at the centre of all that we do We are committed to promoting practices which are always in the best interests of the child.

Embracing Equality and Diversity Through all AFKA's activities we will respect and value diversity, promote equality and access, and challenge discrimination in all its forms.

Independence By maintaining our independence, AFKA Scotland can provide impartial advice and guidance to our members and stakeholders, including practitioners and policymakers and advocate on behalf of our members for legislative and policy change.

WHO CAN APPLY?

Alongside Corporate Membership (*for local authorities, voluntary adoption agencies and independent fostering providers*) Associate Membership is for organisations such as law firms, NHS Trusts, Clinical Commissioning Groups, adoption, fostering or family support agencies, training or service support providers, childcare charities, foster carers' or adopters' associations, Government departments or statutory agencies, voluntary agencies, university departments or research projects.

It has been designed to help keep your organisation well informed of new developments in the field, access expertise, engage in multi-disciplinary forums, improve practice delivery, evidence regulatory compliance, engage in debate on current issues and offer an opportunity to share policy and practice
