THEME

This training session is aimed to help participants realise The Promise's ambition that children stay where they feel loved and safe and receive the support they need to thrive. A robust safer caring approach can ensure children and young people's needs remain central to providing a safe and loving home.

All practitioners attending the training session will receive a copy of the new eBook '**Developing a family safer caring plan**' by **Paul Adams**, which is designed to help social workers and carers complete and update high quality family safer caring plans. The book emphasises the importance of creating plans that are individualised and risk- sensitive and contains a number of real-life examples. The materials could also be relevant to pre adoptive arrangements. **Delegates will also receive the accompanying Form FCSP for their agency's use.**

If you would like to book the above training session, please complete the section below and return to: info@afkascotland.org and we will get in touch to arrange a suitable date. Dates will be available from July 2024 onwards.
